- Yarn Dyed : 720 MT/month
- Fiber Dyed : 165 MT/month
- Space dyed : 45 MT/month

Fabric Dyeing & Finishing:

- Total Capacity : 4.5 million Yards/ month
- Solid Dyed : 3.0 Million Yards/month
- Yarn Dyed : 1.5 Million Yards/month

State-of-the- Art European Machinery

Our ETP is 30% bigger than our required size

- Textile Investment - \$166m
- Land Area - 55 Acres
- Building Area - 15.5 lac SFT
- Manpower - 7,000 workers
- Textile sector experience - 26yrs.
- Company establishment- 1998

Achievement:

- Scope Certificate
- Green Factory Award 2025
- National Export Trophy 2020-2021
- National Export Trophy 2018-2019
- Energy-saving award -2021 BD Govt
- Solar PV(Photovoltaic): Set up 10 MW and It will be increased 15.00 MW by 2026.

Turnover: \$200 m

Ultra Modern Recycle Unit:

- Spinning Recycle Yarn Capacity: 30 MT/Day
- 100% Cotton: Recycle Percentage up to 40%Maximum
- Ring Yarn: 16/1 to 40/1
- Open End Yarn: 7/1 to 20/1

R&D footprint: Indigo Modal

Special design support: Design Stimulation, Color, Yarn Stimulation and Artwork, 3D MOCK UP Preview as Apparel by Textonic Software

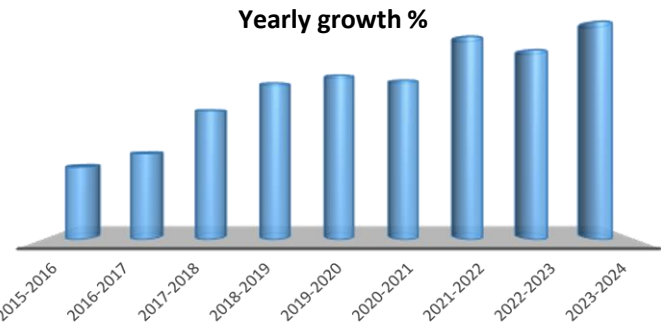

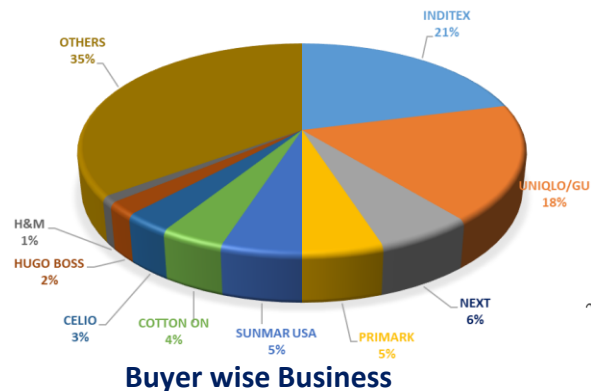

Spinning:

Last year we almost doubled our capacity, present capacity-85MT/day

Types of yarn:

- 100% Cotton: Combed or Carded:- Compact, Slub, Negative Slub, Recycle
- Double yarn: Carded, Combed, Compact
- Fancy: SIRO, Cotton Melange, Inject, Space Dying, Snow, Nappy, Recycle Melange, Recycle PC and CVC
- Blended: Cotton- Modal/Viscose/Lyocell, Cotton-Polyester/Nylon/Wool/Spandex

Certification:

Average yearly growth is 16% over last 9 years
